Welcome and Introductions:

The meeting, held at the NHC Emergency Operations Center, was called to order at approximately 1205 hours by Lisa White.

Membership Announcements:

All four State Port cranes are up and running.

Pandemic Drive-Thru went well at the State Ports and in town. On May 7 a formal evaluation of drive-thru drill will be released.

VOPAK had a mock scenario with pipeline held by Brunswick LEPC.

A large foreign container ship had mechanical issues and docked at the Wilmington ports rather than Charleston. Repairs were made and the ship continued its voyage. Good visibility for the State Ports.

New Business:

Kristen Wingenroth has graciously taken Carol Thiel's place as NHC EM Specialist. Carol Thiel has taken a position at the DSS. Congratulations to both ladies!

Two members of the Division of Air Toxic Analytical Support Team (ATAST) provided a very informative overview of the EQ incident which occurred in 2006. In addition, they provided details of the intensive investigative and monitoring assessment services that the mobile unit can provide.

Open Forum:
