Veterans Park is currently under construction. When completed, the park will include a variety of active and passive recreational facilities. The park site will also include a high school, a middle school, an elementary school.

Construction is underway on the high school, the middle school, a community cultural arts center, and the athletic facilities necessary for the schools' programs. These facilities are scheduled to open in the Fall of 2001.

Construction of the public recreation facilities began in 2000, and will be completed in phases over the next few years.
