### Your County: Be Part Of It

County government is the shared responsibility of elected officials, staff and many citizens who serve on various boards and committees. The New Hanover County Board of Commissioners believes that the county is best served when there is a broad representation of volunteer citizens on the boards and committees. The Board will endeavor to assure this broad participation in appointments by including male and female citizens, persons from all geographic areas of the county and persons representing diverse racial and age groups. To receive more information on any of the boards and committees or how to apply, please call 798-7149 or go to [www.nhcgov.com](http://www.nhcgov.com) and click on the Commissioner's pages.
