

## ADDENDUM # 1

**From:** Lena L. Butler, Purchasing Supervisor  
**To:** Designers  
**Project:** RFQ-SKATEPARK DESIGN  
**Date:** October 31, 2014

---

**This addendum is issued regarding questions received in response to “RFQ-SKATEPARK DESIGN” and is hereby made a part of said Request for Qualifications to the same extent as though it were originally therein.**

---

1. Question #1 - It is typical in the skate park industry that one company can provide both the specialty design and construction of a skate park facility. Will the selected designer be prevented from competitively bidding on the construction portion of the skate park?

We believe that the selected designer would have a real or apparent unfair competitive advantage; therefore, the selected designer will not be able to competitively bid the construction portion of the skatepark.

2. We are working on preparing our proposal for the skatepark project and would like to reach out to M/WBE Landscape Architects and Engineers. Does the County have some sort of list or registry for firms that qualify?

The County encourages firms to register with the North Carolina Department of Administration's HUB Office. You can access their database at <https://www.ips.state.nc.us/vendor/searchvendor.aspx?t=h>.
