P: (910) 798-6900 | F: (910) 798-6904 | NHCgov.com

**Steven Still**, Director

**Expiration Date:**

New Hanover County, North Carolina hereby grants authorization to \_\_\_\_\_ to operate a Two Way Radio Signal Booster device on 800 MHz frequencies licensed to New Hanover County Emergency Management by the Federal Communications Commission (FCC) under the call sign WPHZ633 at the following location:

**Site Name:**

**Site Address:**

**Latitude:**

**Longitude:**

**FCC Booster ID:**

**Primary and Secondary Site Contact and Phone:** Primary \_\_\_\_\_ Secondary \_\_\_\_\_

This authorization is subject to the following conditions:

1. The Retransmission Authorization is valid for one year from the date of issuance and will be renewed annually upon request when the annual retesting results have been provided to the Fire Marshal of the authority having jurisdiction, in accordance with the appropriate jurisdictional county and municipal ordinances.
2. The System shall be operated, maintained, and tested annually in accordance with the manufacturer's instructions, FCC rules and regulations, and requirements of the appropriate jurisdiction ordinances.
3. The System shall not cause interference to radio systems or equipment within the jurisdiction, or any other FCC licensee.
4. The Operator shall promptly resolve any interference that occurs to radio systems or equipment, or any other FCC licensee, up to and including deactivation of the System if necessary, until such time that the interference is corrected.
5. In the event of an outage of the System, the Operator shall notify the Fire Marshal of jurisdiction in accordance with the regulations, policies, and procedures for reporting any fire alarm/fire safety system outage.
6. The Operator shall provide access to the System for inspection upon request by the Fire Marshal of jurisdiction or the FCC.
7. A separate Retransmission Authority is required for each headend used in the system design and shall be posted conspicuously with the headend equipment.
8. New Hanover County Emergency Management, as FCC licensee for its frequencies, reserves the right to terminate this Authorization at any time at its sole discretion.
